

GLOBAL TRENDS ACADEMY (GTA)

Constitution of Board of Reviewers and Editors for International Journal and Conferences

Global Trends Academy (GTA) is a joint initiative of Arrows Transactions Sdn Bhd and OT Consulting. GTA provides international, interdisciplinary, academic platform for academic networking. GTA is aimed at providing a platform for networking that brings together experienced academicians/researchers and upcoming scholars as well as research students in a forum where the full benefits of such gatherings can be accessed. Such forums are designed to provide researchers a qualitative opportunity to showcase their work, get mentoring and build multidisciplinary research collaborations. In addition, opportunities for publishing that combines sound rigorous peer review with on-time publication are provided. It is our intention to assure authors on-time but high-quality peer-review process with accepted papers published within a short time of acceptance.

To achieve the stated aims, GTA organizes first-class seminars, conferences, and other fora across the globe. Such fora are designed to bring together experienced scholars who shed light on global trends in their field of research and scholarship, thereby providing the much-needed guidance and research direction for upcoming researchers, post-docs, doctoral students, etc. GTA publishes conference proceedings and journals in science and engineering, education and language, humanities and the social sciences in addition to special issues on trending topics.

Knowing that a publication's quality is closely linked to the quality of its editorial team, we seek seasoned and high-profile researchers and academics to join our team of editors and reviewers. Individuals with sound track record of research and publications are welcome to apply to join our dynamic board of scholars:

The duties of an editorial board member will include the following among others:

- Receive direction as provided by the Editor-in-Chief
- Act promptly on all forms of duties accepted
- Manuscript review: provide detailed review on the manuscript they are assigned
- Submit some of his/her own work for possible publication with the journal
- Advise the journal on policy and scope.
- Suggest authors and recruit article submissions
- Play other key roles (e.g. Book review editor, Section Editor etc.) when called upon
- Be available for communication by various modes including face to face (where possible), teleconferences or social media.
- Tenure shall be for a two (2)-year terms in the first instance with possible reappointment.
